53%  
Older homes are prone to falling into disrepair, and often carry environmental risks such as lead paint. An aging housing stock can be a sign of poor housing quality.

3.5%  
Households that use electricity spend 3.7% of their income on energy (3.4% for fuel oil/coal and 4.4% for gas).

12%  
The CT Department of Housing calculates the percentage of affordable units in a municipality annually for the Affordable Housing Appeals List. Affordable units are units that are subsidized below market-rate through programs like Housing Choice Vouchers or CHFA/USDA mortgages.

Of the 120,994 total units in New London County, 14,181 are considered to be affordable.
